

# Stakeholder analysis is ...

**To prevent conflicts and secure resources**

## Search your stakeholders

- Orderer
- Members of project group
- Members of steering group
- The management
- Customers
- Final user
- Suppliers
- Financier
- Members of parallel projects
- Political parties
- Public opinion
- Other employed at the company
- Trade-union
- And more

## Shortest analys:

WHO is interes ted	of WHAT	WHEN In which project phase	WHEN Cont- act before	Cont- act HOW	Respo nsible in the project group

## IMPORTANT!

- Make notes for the contacts with stakeholders

**in the plan for communication and**

**in the milestone-plan.**
